1. World Cup Final, Moscow

1.1. World Cup Final Regulations

After a thorough discussion, the Presidium made a revision of the existing World Cup Final Regulation (V. 1.0), taking into account also the current COVID-19 situation, and the fact that in some categories we didn't have enough World Cups to create appropriate ranking lists.

Following changes were introduced:

SAP World Cup Final → World Cup Final
SAP removed from the document

§1 – WORLD CUP RANKING

- If less than four (4) World Cup competitions are offered in the year in a category, all the results of the year are taken into account in the total of points.
- If four (4) and more World Cup competitions are offered in the year in a category, all the results of the year except one (the one for which the couple got the lowest number of points) are taken into account in the total of points

§2 – SELECTION OF PARTICIPANTS

- In any case, a maximum of 8 couples per nation can be announced.
- Exception:
If no Ranking list can exist in a category (no World Cup competition offered in a year), the World Cup Final moves to an Open World Cup Final for this category, and couples can be announced by nations as they wish. In this case, each nation can announce a maximum of 5 couples in the category concerned.

§3 – COMPETITION RULES

- If a WRRC Ranking List is existing, Top six (6) couples are seeded and do not dance the first round. They are automatically placed on the spider round and take the six (6) first positions (applicable from 2022).
- If less than sixteen (16) couples will be present for the first spider round, the next spider round with eight (8) couples will be taken.
- In case of injury of the qualified couple for the spider round, no other couple will be taken, and the other couple will dance alone.

2. Competitions in 2021

- It is very important to remind all organizers about the rule which was accepted already in 2019, that the accompanying persons of the officials are not permitted in the judging room (decision 133 from the PM in Ljubljana, 21-22.09.2019).
- To avoid any misunderstanding about the new sliding division of rounds (different number of qualified couples for the next round, depending on the total number of competitors at the start of the competition), the scrutineers on the competition must print out the exact table for each category after the online chek-in of couples/formations will be finished.
- We have noticed that on each of the live competitions this year we have a very large number of cancellations, almost until the last day before the competition. It is very hard for the organizer to calculate at all the competition flow. For the competition in Kharkiv, Russia cancelled all its competitors. MKI will write a letter to FDSARR, and ask for an explanation for these cancellations.

3. Tournament Rules

Presidium discussed several aspects of how to improve the quality and number of countries on the World Cups. The discussion will go on, also to be presented on the open forum for the nations, which was one of the proposals during the General Meeting 2021.

Presidium discussed also the changes of the rules accepted by the GM 2021.

(324) All changes of the Tournament Rules accepted on the GM 2021, will be valid from 01.01.2022.

4. WRRC Commentators of live streams from the competitions

BK proposed that WRRC appoints commentators for the live stream, like we had for the Online Competitions. After discussion, it was clear that this will always depend on the organizer, and his possibilities and ideas on how to organize the live stream for their event. WRRC could ask for this only in the case if we sell the rights for broadcasting to some official TV channel.

The President thanked all Presidium members and closed the meeting at 10:10
