TO WRRC MEMBERS, ATHLETES, OFFICIALS

THE WRRC PRESIDIUM STATEMENT

Dear members, dear all,

Two weeks ago, the WRRC Presidium held an urgent meeting regarding the participation of some WRRC athletes and officials in a competition held in Russia. As noted in our meeting minutes, we determined that this participation was in violation of the WRRC statutes and the decisions made over the last two years regarding sanctions against Russia.

The following sanctions have been applied:

- A competition ban for 6 months for both couples from Hungary. This ban may be reduced based on a special written statement and an official apology from the dancer who wore a T-shirt with a Russian flag.
- A one-year ban from all functions at WRRC events for both officials from Hungary.

We also want to inform you that Katalin Kis has resigned from all her function inside the WRRC.

Shortly after we reached our decision regarding these sanctions, the IOC posted a statement about the Friendship Games. We would like to emphasize that all actions of the WFASD are in line with the concerns pointed out by the IOC. Thus, we reconfirm our strong position that no WRRC members are to be involved in any of these organizations.

Please also read the attached statement from WDSF. The WRRC Presidium strongly supports everything written in this statement.

With Sportive regards

WRRC President
